Phyo Thiri Tar

Pathum Thani, 12000, Thailand • 06-31898604 •phyo.thiri.t23@gmail.com • Portfolio • GitHub• LinkedIn

Summary

ICT graduate with a strong interest in data, technology, and analytical problem-solving. Experienced in working with data through academic projects, internship experience, and independent learning. Possesses an analytical mindset, attention to detail, and a willingness to learn and adapt to new challenges. Seeking an entry-level opportunity to apply existing skills, gain practical experience, and contribute to organizational growth.

Education

Rangsit University, Thailand

B.Sc. in Information and Communication Technology | **GPA: 3.82**| **First-Class Honours**

Expected Graduation: December 2026

Experience

Research Analyst Intern | Avant Labs | Aug 2025 – Nov 2025

- Conducted research on companies adopting AI technologies and prepared articles highlighting their products, applications and business activities.
- Independently initiated and developed a Power BI dashboard to analyze and visualize nutrition-related data.

Projects

Adventure Works Human Resources Report | Power BI, DAX

- Developed an interactive dashboard to analyze employee demographics, salary, tenure, pay type and organizational levels.
- Created DAX measures and visualizations to monitor workforce KPIs, including employee counts, salary metrics and gender distribution.

AdventureWorks Sales Analysis | SQL Server

- Analyzed sales KPIS, including revenue, discounts, and average order value to evaluate overall sales performance.
- Examined monthly trends, top-performing products and category contributions using JOINs, CTES, and window functions.
